### PINE TREE LEAGUE

Following is the standing of the teams to July 27:

| Team           | W  | L  | Pct. |
|----------------|----|----|------|
| West Paris     | 14 | 2  | .875 |
| Turner         | 8  | 8  | .500 |
| South Paris    | 6  | 10 | .375 |
| Mechanic Falls | 4  | 12 | .250 |

Mechanic Falls proved a winning day for West Paris, South Paris and Turner, and the games were hotly contested and scores kept within reasonable distance.

West Paris 5; Norway 1.

At West Paris, the Norway outfit barely escaped a shut-out. Paul Hosmer lured away a homer in the ninth and snatched Norway from the whitewash.

Person pitched clean cut ball with one hundred percent support. He held the losers to five hits, one a two sucker, by Rice and the circuit clout by Hosmer.

"Father" Del Rio, the Norway hurler, kept the Paris leads to six hits, including a two and three bagger from Benson. Del worked up good stuff, but few errors behind him failed to improve the situation. The score:

## Why the One-Profit\* Coach Excels

—it is engineered and built complete by one organization—Studebaker. It is a perfectly co-ordinated, harmonious unit. This means better performance, greater comfort and increased mileage at an accepted coach price.

**AN AUTOMOBILE**, like any other highly specialized machine, runs more smoothly—lasts longer—gives greater satisfaction—when its thousands of elements are co-ordinated into one harmonious unit.

Generally, a better car can be produced when all vital parts are designed, engineered and manufactured by one organization.

The Studebaker car is built on this "one-profit" principle. Not only all the engines, but also all the bodies, and all the axles, gear sets, differentials, springs, steering gears, gray iron castings and drop forgings are manufactured in Studebaker plants. This is one of any other automobile in the fine car field.

The Studebaker, therefore, being built as a unit—furnished as a unit—with all of the advantages of unit or assembled construction.

"Coach" in name—Coupe in quality

The Studebaker Special Six Coach is an outstanding example of the finer quality made possible by this "one-profit" principle of motor car manufacture.

This automobile is really a fine 5-passenger coupe, but is called a "coach" because it carries the lowest price at which an enclosed car has ever been sold on the famous Studebaker Special Six chassis.

In this Coach fine grades of upholstery are used. You find the same quality of workmanship and materials in all hidden places that you see out in the open.

Many of the superlatives of this Coach are invisible—and therefore all the more important. But here are some you can easily see and check against: competing cars: gasoline gauge on the dash, 8-day

\*By a "one-profit" car woman motor car that is built by one organization—thus cutting out the extra profits and overheads which arise when vital parts are bought from others. There are only two cars that can be thus classified, because—

—of all the makes of passenger cars built in the United States, only 2 make all their own motors, bodies, chassis, springs, axles, gear sets, differentials, steering gear, gray iron castings and drop forgings. One of these is Studebaker and the other is Ford.

clock, automatic windshield cleaner; rear view mirror, door pockets, rear window curtains, ash receiver, trunk rack, ornamental pull-cord, cowl ventilator, stop light, dome light; the carrier locked by the same key that locks door, and the splendid coincidental lock to ignition and steering wheel. Lights are operated from a switch on the steering wheel which is left free for this convenience by the elimination of the spark lever. In all Studebakers the spark is automatically controlled by the speed of the motor.

In its insistence upon comfort, this car is typically Studebaker. There is comfort in the extra heavy cushions—in the big springs—in the full balloon tires for which steering gear, fenders, etc., have been specially designed—in the ease with which passengers may enter or leave the rear of the car—in the extra large windows and windshield.

You can buy all this style, comfort and performance at the price because this is the only "one-profit" coach on the market today.

Buy now—no "yearly models"

You may buy this Coach today—or on any day of the year—with the assurance that there will be no "annual announcement" to make it artificially a "last year's model."

For Studebaker has discontinued the custom of presenting a new line of cars every year. Instead, Studebakers will be kept up to date all of the time. Therefore you can buy this Coach in safety NOW.

### South Harrison M. E. Church

In spite of the stormy weather, on Sunday a good congregation enjoyed the church service and church school at South Harrison, with Mr. C. O. Morong as pastor. Next Sunday morning the topic will be "The Inseparable Love of Christ." Text, Rom. 8:35-38.

### Calvary Community Church Notes

It is the policy of this church to have preachers occupy its pulpit that represent as many denominations as possible. Last Sunday the preaching of Dr. Philip H. Clifford, minister of the Clinton Avenue Church, of Newark, N. J., and Reformed Church of Charles Harrison, provided a rare spiritual experience for this community. Unqualified endorsement of the Calvary Community Church made up the closing words of Dr. Clifford's address to the largest congregation of the season.

Next Sunday, the Reverend C. C. Sampson, 41 years successful minister of the Congregational Church of Tilton, N. H. will bring a message rich with long experience and scholarly labor. Every one should make an effort to hear the son of Harrison, of whom the town justly feels proud.

## "Sealed Orders"

The moment your motor begins to turn over, oil begins its function.

From then on, your engine is literally running under "Sealed Orders."

To obtain and conserve the utmost power, your oil must be of such body and consistency as to seal, as completely as possible, the piston rings, so that the full compression of the fuel charge can be obtained.

Socony Motor Oil is designed to meet the test of any type of engine; not only does it seal efficiently, but it also resists friction and the excessive heat of the firing chambers. It produces a maximum of power. No need to worry about excessive crank case dilution.

Insist upon Socony Motor Oil; resist cheap and spurious imitations.

What is there in the house that gives such long and such satisfactory service as the plumbing? Year after year the hidden pipes carry on their work of sanitation.

And year after year while other furniture is wearing out, the good bathtub, the fine lavatory, retain their snowy white surface.

Don't neglect PLUMBING IMPROVEMENTS for expensive luxuries. Compare values and invest in permanence and good health.

We give Good Values in our Plumbing.

## BATES—WEST PARIS

Benson-Dougherty  
At the M. E. parsonage, Wednesday,  
at 8:30 p. m., Rev. E. H. Stover united  
Ronald C. Benson and Bernice E. Dough-  
erty in marriage, the double ring service  
being used.  
They were accompanied by two brothers  
of the bride, Roscoe and Leslie  
Dougherty, and a friend, Leslie Day.  
Mr. Benson is a prosperous young  
farmer on High Street, about a mile  
from the village, and highly respected.  
The bride is the only daughter of the  
late George Dougherty and is a native of  
Greenwood. Her mother, Mrs. Cora  
Dougherty, now lives in Norway. They  
will make their home on the farm.

Rev. F. H. Aldrich, daughter Louise  
and son, Herbert Nelson, from Winthrop  
came here last Friday and visited all  
Tuesday over Sunday. This was the last  
of his four weeks' vacation. He assisted  
Pastor Stover in the morning services  
and preached at the evening service. Mrs.  
Aldrich and daughters, Genevieve and  
Charlotte, stopped on the way to visit  
her sister in Wilton, the older daughter,  
Glady, is working at Lake Margnacook  
House. Mr. Aldrich's old parishioners  
were glad to see him here again.

Mrs. E. H. Stover, who has been very  
poorly for the last month or so, was taken  
to a hospital in Boston for treatment.  
Tuesday morning, Dr. Geo. Lapham, came  
from there Monday night to see her.  
Rev. E. H. Stover has been very ill since  
his return from his vacation at Danville  
Junction. Everything in the profes-  
sional line has been done, she will  
receive, and it is hoped that she will  
soon recover her usual health.

Rev. E. H. Stover has one more Sun-  
day before his summer vacation,  
which will be the last of his four weeks'  
August. The services will be kept up  
during his absence, except perhaps the  
last Sunday in August.

Mrs. Levi Smith had a slight pull-back  
last Sunday night, but is more comfort-  
able now.

Mrs. Enoch Perkins is having a severe  
attack of bronchitis at her home at the  
sanatorium.

Mrs. Esther Tuell has been suffering  
with blood poison caused by a cat bite  
while at play, but is gaining all right  
now. Her daughter, Mrs. J. L. Bowker  
of Portland, came to stay with her.

Edith and George Flavin went to Mass-  
achusetts to visit relatives and friends.  
They went with Arthur Welcome in his  
car on their return home to Waltham.

Mrs. Alice Coolidge and Mrs. Hattie  
Tully of Weymouth, Mass., visited their  
cousin, Mrs. Lena Herfick, at S. P.  
White's three days over Sunday. They  
all visited the old Sewall home on Sun-  
day Hill.

Margaret Lane has returned from her  
visit to Dr. Rafe Hatz in Springfield,  
Mass. She expects to return the first  
of September and enter the Deaconess Hos-  
pital, for training.

Will Lurvey from Buckfield was here  
a day or two last week. He is now  
Mr. and Mrs. A. D. Coburn have been  
receiving a visit from her brother  
and family, wife and two sons, from Sa-  
racuse, Florida, also her sister, Mrs.  
Sweet, from Dixfield, was here one day  
and with the sister, Mrs. Powers, and  
family here, they had quite a reunion  
one day. There were eighteen present.  
The sisters had not seen this brother for  
twenty-five years.

Mr. and Mrs. H. W. Dunham and Mr.  
and Mrs. C. P. Dunham left, Friday morn-
